1. On page 29 of the tender document, we would like some clarifications on this -Valid UFA compliance certificate
2. Types of the floors, we would like to know if you are going to maintain the wooden floor on 2nd floor or you will change it to tiles to enable us factor in the traffic wax and maintenance of the floor.

RESPONSE

1. Please refer to page 30 for Mandatory requirements under evaluation criteria. You do not need UFAA compliance certificate
2. The only section with a wooden tiles floor on 2nd floor is in Main Boardroom and the CEO's office. These areas have been earmarked for repairs by early July 2021 and may change from wooden to tiles. Bidders are advised to quote for both floors in the said areas to cater for any eventualities. Remember, contracts once signed cannot be varied upward before 12 months are over
3. The rest of the Tender Document provisions remain as is.
